Dog Biscuits #2

- 1 envelope dry yeast**
 - 1 cup rye flour**
 - ¼ cup warm water**
 - ½ cup nonfat dry milk**
 - 1 pinch sugar**
 - 4 teaspoons kelp powder**
 - 3 ½ cups all-purpose flour**
 - 4 cups beef or chicken broth**
 - 2 cups whole wheat flour**
 - 2 cups cracked wheat or 1 cup cornmeal**
- GLAZE:**
- 1 large egg 2 tablespoons milk**

Place 2 oven racks in the upper and lower thirds of the oven. Preheat oven to 300°. Sprinkle the dry yeast or crumble the compressed yeast over the water. Add the pinch of sugar and allow yeast to sit in a draft-free spot for 10–20 minutes. The mixture should be full of bubbles. If not, the yeast is too old to be useful. Stir well to dissolve the yeast. In a large bowl, place all the dry ingredients and stir well to blend them. Add the yeast mixture and 3 cups broth. Using your hands, mix to form the dough, adding more broth if needed to make the dough smooth and supple. Half a batch at a time, knead the dough briefly on a lightly floured counter. (Keep the second batch of dough covered with a moist towel while shaping and cutting the first.) Roll out the dough into 18 x 13 x ¼ inch rectangle. Cut into desired shapes using 3 ½ inch one cutter or 2 ½ inch cookie cutter. Re-roll the scraps. Repeat procedure with remaining dough. For an attractive shine, lightly beat together the egg and the milk. Brush the glaze on the cookies. Bake for 45–60 minutes or until brown and firm. For even baking, rotate the cookie sheets from top to bottom ¾ of the way thru the baking period. Use a small, angled metal spatula to transfer the cookie to wire racks to cool completely before using for the next batch.

Dog Biscuits #3

- 3 ½ cups flour**
- 4 teaspoons salt**
- 2 cups whole wheat flour**
- ½ cup dry milk**
- 1 cup rye flour**
- 1 egg**
- 1 cup cornmeal**
- 1 package dry yeast (1 tablespoon.)**
- 2 cups cracked wheat**
- 1 pint chicken stock**

Dissolve yeast in ¼ cup warm water. Add chicken stock and pour into dry ingredients. Knead for 3 minutes, working into a stiff dough. Roll dough into a ¼ inch thick sheet and cut with cookie cutters (cutters shaped like dog biscuits are available). Bake in 300° oven for 45 minutes, then turn oven off and leave biscuits in oven overnight. In the morning the biscuits will be bone hard.

*This dough is extremely stiff to work with, but the end product is excellent!

Salmon Treats

- 1 can salmon, canned, pink**
- ½ cup chopped parsley**
- 3 eggs—shells included**
- ½ cup sesame seeds—ground in coffee grinder**
- ½ cup flax seeds—ground in coffee grinder**
- 2 cups potato flour—(2 to 3)**

Put ingredients into a food processor, mix VERY WELL. Pour potato flour through the opening while the motor is running. I can't tell you exactly how much, but I would guess about 2-3 cups. When the dough forms, like a pie crust, and rolls into a ball, it is ready to take out. Dump this mess onto potato floured counter or board. Knead more flour into this and when it is a cookie dough consistency, it is ready to roll out into about ¼ inch thick. I use a pizza cutter to roll our long strips and then cut crosswise to make small squares. Bake on cookie sheets sprayed with Pam, or line the sheet with parchment paper. Usually two cookie sheets suffice. I bake this in a 375° oven for 20 minutes. Turn the cookie sheets and bake about 10 more minutes. You can make them as soft or as hard as you want.

Scrumptious Carob Bake

- ¼ cup molasses**
- ½ cup powdered milk**

Mix dry ingredients in a large bowl. Add remaining ingredients and mix until blended. Dough will be stiff. Chill. Roll dough on a greased cookie pan and cut into shapes ½ inch thick. Bake at 300° for 1 hour.

Rover's Reward

- 1 teaspoon sugar**
- 2 cups all-purpose flour**
- 2 cups whole wheat flour**
- 2 cups cornmeal**
- 2 cups oatmeal—uncooked**
- 1 cup fresh mint leaves—chopped, loose packed**
- 1 cup parsley sprigs—chopped, loose packed**
- ½ cup toasted wheat germ**
- 1 can beef broth—(13 ¾ to 14 ½ ounces)**
- ¾ cup milk**

Preheat oven to 350°. In small bowl, combine yeast, sugar, and ¼ cup warm water (105° to 115°). Let stand until yeast foams, about 5 minutes. In very large bowl, combine all-purpose flour, whole wheat flour, cornmeal, oats, mint, parsley, and wheat germ. With wooden spoon, stir in yeast mixture, broth, and milk until combined. With hands, knead dough in bowl until blended, about 1 minute. Divide dough in half. Cover 1 piece with plastic wrap to prevent drying out. Place remaining piece of dough on lightly floured surface. With floured rolling pin, roll dough to ¼-inch thickness. With large (about 5 inches) or small (about 2 inches) cookie cutter, such as bone* or mailman, cut out as many biscuits as possible, reserving trimmings. With spatula, transfer biscuits to large ungreased cookie sheet. Reroll trimmings and cut more biscuits. Repeat with remaining dough. Bake small biscuits 30 minutes, bake large biscuits 40 minutes. Turn oven off; leave biscuits in oven 1 hour to dry out. Remove biscuits from cookie sheet to wire rack.

When cool, store at room temperature in tightly covered container up to 3 months. Each large biscuit: About 90 calories, 4 g protein, 17 g carbohydrate, 1 g total fat (0 g saturated), 1 mg cholesterol, 30 mg sodium. Make these treats large or small; the dogs in our neighborhood loved them!

Liver Treats

1 pound beef liver

All you need are beef livers. Try your local meat packers; they often throw them away. Or you can buy fresh liver from the supermarket. Cut the liver into approximately 1 inch slices. Place in your food dehydrator for 24 hours*. Use Pam or the equivalent on the drying racks, so the liver won't stick. Let dry for 24 hours.

*Or you could place them on a cookie sheet and bake in a 325° oven for about 45 minutes to help dry them out.

Liver Treats for Dogs

1 pound beef liver

2 garlic cloves

1 Box corn muffin mix

Preheat oven to temperature in corn muffin directions. Mix liver and garlic in a blender or food processor, then process until liquid. Stir in muffin mix, then scrape onto a baking sheet and pat to approximately ½–1 inch thickness. Bake until very firm, but not burned. Cut into squares, then store in refrigerator or freezer.

1 lb. chicken or beef liver—I prefer the chicken livers, they don't seem to smell as bad. ☺
